

Taos Ski Valley to Close Today to Help Prevent COVID-19 Spread

TAOS SKI VALLEY, NM, March 15, 2020 – Taos Ski Valley today took the proactive step to close for the remainder of the 2019-2020 ski season effective 5:00 pm today to help prevent COVID-19 spread. Taos Ski Valley had initially alerted skiers it planned to be open through March 22 and has now made the difficult decision to close immediately out of an abundance of caution and care for the community, employees, and guests.

“We are making decisions based on the very rapidly changing nature of this situation. Due to decisions in Colorado that are reverberating throughout the mountain resort industry, we feel the only responsible action is to suspend operations at 5:00 pm today. We are taking best efforts to attend to our staff, guests, and community’s well-being.” said David Norden, CEO of Taos Ski Valley.

The Blake at Taos Ski Valley is closed immediately, but will continue to serve its current guests until all can safely return home. No further reservations will be accepted. Taos Air will operate until out-bound guests have returned home.

Except for current guests in the hotels, resort-owned restaurants, retail, and other facilities will be closed at 5:00 p.m. today.

Additional information about this closure can be found at www.skitaos.com.
